Chamber of Commerce Gives a Review of Year's Program

NEW BOARD IS NAMED AT MONDAY MEET

Will Select the Officers To Serve Local Chamber

REPORT IS GIVEN

Many Activities Undertaken During Past Year

The annual banquet of the Chamber of Commerce was held Monday night at the high school gymnasium. Election of directors followed, with the following being named for the board of directors for the coming year: J. W. Kleinschmidt, Levi Cole, Dr. E. J. Cundiff, J. H. Cox, Jr., R. Roy Moses, Harris M. Cook, C. Wesley Batchelder. The directors will select the officers from their own number.

The high school orchestra, under the direction of Mrs. J. D. Barker, furnished music during the banquet. Five boys from the T-Anchor College Farm gave a short musical program.

Clyde W. Warwick, retiring president, presided, and called attention to the written report of the activities of the Chamber of Commerce during the past year, which had been placed at each plate.

Mayor C. R. Burrow told of the conditions in Canyon, and what the taxpayer received for the money he pays in taxes.

County Judge S. B. Orton told of his trip to Austin and the possibilities of the CWA. "Randall county will not receive as much money as our people have been led to believe," was the statement. Not all unemployed will be given jobs, only about \$22,000 being allotted to Randall county for various projects. Getting as much as possible for the dollars spent will be the aim of the county and city officials, and the relief committee.

Dr. J. A. Hill told of the projects which he had filed under the PWA, which he had been assured will be considered, and some of which would be accepted. He has asked for \$150,000 for a complete overhauling of the College plant. He took an estimate to Austin Tuesday calling for \$50,000 for new floors and repainting the administration building.

Mr. Hill called attention to the 25th anniversary of W. T. and submitted plans for a monster celebration next September or October. A faculty committee composed of L. F. Sheffy, D. A. Shirley, Mrs. T. V. Reeves, Wallace R. Clark, Miss Ruth Lewis, C. A. Murray and Miss Mary E. Hudspeth will have charge of arrangements. The Chamber of Commerce was asked to appoint a committee to act with this one. Every citizen of Canyon was asked to assist in this program, dates for which will be announced soon after the first of the year.

S. H. Condon, member of the retiring board of directors, made the nomination for directors for the coming year, the report being accepted.

Fred E. Wortham, secretary, stated that the greatest need of Canyon was a closer co-operation between Canyon and the people of the county. Trade extension was very greatly needed.

L. F. Sheffy called upon all of the people of the community to get behind the Silver Anniversary of W. T. and assist the committees in every possible way.

The following is the report of the activities for the past year:

Farley And Mantell Show Here Tuesday

Amarillo Troop Puts on Show For Christmas Fund

The big community entertainment presented by Cal Farley and Dutch Mantell, with 25 performers from Amarillo, will be staged next Tuesday night, Dec. 5th at Burton Gymnasium, starting at 8 o'clock.

The entertainment is sponsored by the Palo Duro Post of the American Legion, and everything taken in will go toward the Christmas fund of the Post. The entire group of Amarillo entertainers will give their services to the local Post.

Tickets are being sold by the senior class of W. T. training school and by the Canyon high school basketball girls. 25 cents for adults and 10 cents for children under 12 years of age will be charged.

The show being brought here by Farley and Mantell is a high class, clean entertainment of song hits, jokes, magic, boxing and wrestling. Farley has become famous, not only as a wrestler, but also as a radio announcer of athletic events. Mantell is a whole show unto himself with his antics. All of the entertainers which will be brought here are well known in Amarillo, and Panhandle towns where this show has been put on.

The Christmas plans for the Palo Duro Post are going forward in splendid shape. A list is being made of all families who need help, and it is planned to see that every family is remembered on the Christmas tree. The funds received from the show next Tuesday will be used in restoring toys for distribution to the needy children and giving other Christmas gifts.

Another Old Land Mark Damaged By Fire Sunday a. m.

The feed store of J. H. Lisle was discovered to be on fire Sunday morning at 1:30 o'clock. The store is located in the Shotwell building on Fourth Avenue.

Mr. Lisle states that he left the store about 10:30 o'clock. He was certain there was no evidence of fire around the building at that time. Gasoline in a tractor used to grind feed exploded during the fire, and a barrel which was thought to be practically empty caused another explosion during the fire.

Mr. Lisle had no insurance on the stock, but the building was covered by insurance.

The building is the oldest mercantile building in Canyon. It was built 34 years ago by the Canyon Mercantile Company, owned by J. C. Pipkin, R. G. Oldham, Bill Stewart and Will Donaldson. The two former are still residents of Canyon, and the two latter are deceased. The building was made over into an opera house about 26 years ago after the brick buildings were erected on the square. Later it was used by S. A. Shotwell for his feed and grain business.

It is not yet known whether the insurance company will repair the building, as considerable damage was done by the flames.

Miss Walker Talks on Palo Duro Before Geographic Society

Miss Darthula Walker, head of the Geography department of W. T. will speak Wednesday night of this week before the Texas Geographic Society of Texas on the Palo Duro Canyon. The meeting will be held in Dallas.

The announcement was carried, together with a three column picture of the Palo Duro, in Monday's issue of the Dallas Journal.

Do Your Shopping in Canyon.

Thanksgiving to Be Observed Wednesday Night

A union Thanksgiving service will be held Wednesday night at 7:30 o'clock at the Methodist church.

Rev. Charles L. Dickey, pastor of the Presbyterian Church, will preach the Thanksgiving sermon.

Announcement of the service was made Sunday morning in all of the churches in Canyon, with an invitation to all of the people to attend this service.

No Thanksgiving services will be held here Thursday morning.

Girls Living at Randall Making Among Best Grades

College girls can live co-operatively, each doing her share of work and still make good grades, according to the reports of the students who live at Randall Hall, co-operative dormitory of the West Texas State Teachers College.

Out of 204 grades made during the past nine weeks by 92 students, only five were F's. Of A grades the 92 girls made 15% when the curve demands only 10% of an average group of students. Only 9% of the grades made were D's while the average throughout the whole college is 20% D's.

The Randall Co-eds are especially proud of their record because a majority of the girls are freshmen, and college freshmen are not usually able to make high grades during the first part of the year. Randall Hall, which is in charge of Miss Militia Hill, has girls from 52 different towns and 38 counties living in it. Every girl has a regular assignment of duties for each day. Assignments are changed once each nine weeks.

Richard Parsons of Denver came Wednesday to visit his brother, W. B. Parsons.

CONTRACTS FOR WHEAT ACRES ARE COMPLETED

Most of Agreements Are Sent to Washington By Committee

CHRISTMAS MONEY

Farmers Complete Signing Friday—Work Here is Approved

Wheat contracts from Randall county will be shipped to Washington today, according to statement of the allotment committee. Practically all of the contracts had been completed Tuesday, and the committee signed those which had been fully fixed up.

Farmers from every section of the county were in Canyon Wednesday, Thursday and Friday signing their contracts.

About the only contracts which had not been completed yesterday were those of non-residents. The contracts which had not been fully completed will be forwarded to Washington as fast as they are approved.

Approval of the county allotment was received the first of the week by representatives of the Department of Agriculture who are located in Amarillo for the purpose of facilitating the work of the department. It is announced by the government that very little time will be necessary for issuing the checks after the contracts are received in Washington. To get the money to the farmers before Christmas has been the aim of the allotment committee, and it was believed this morning that this will be possible.

A full list of the allotment as finally approved will likely be published in the News next week.

BAKERY TO DISCONTINUE RETAIL OF PRODUCTS

The Canyon Steam Baking Co. has adopted the policy of not retailing any of its products. All grocers in Canyon are handling the local bread and other bakery products.

The front part of the bakery has been leased to the Billington shoe shop, which moved from the south side to the new location on Monday.

Clyde W. Warwick returned Sunday from a business trip to Austin.

Company 1821 To Arrive Sunday at Palo Duro Park

Barracks Ready to Receive New Company at Park

The fourth C. C. C. company will arrive in Canyon Sunday morning, and will be transported to the Palo Duro camp in time for breakfast.

The Chamber of Commerce offered cars to Major J. A. Watson to transport the men from the train to the camp, but the Major states this will not be necessary owing to the large number of trucks now available at the camp. However, he expressed satisfaction with the great interest shown by Canyon citizens in the welfare of the men, and the offer of transportation.

The new company will arrive from Sargon, Colo., and is numbered 1821.

All of the buildings for the new company will be ready by the end of the week, stated Supt. E. W. Cabe. The fourth barracks was under roof Tuesday night, leaving only one barracks and the hospital to build in the remaining four days. The mess hall, officers' quarters and bath house were practically completed Tuesday.

The recreation hall has not been completed, as was planned last week, but is sufficiently advanced to be serviceable for the men.

A number of replacements have been received for the three companies, and it is indicated that all companies will be recruited to full strength in the near future.

The company at the Palisades will move out Saturday, leaving for Bowie. The camp equipment has been turned over to Supt. S. (Continued on last page)

Eighty-two New Students Are Enrolled at College

Eighty-two new students have enrolled in the West Texas State Teachers College during the last week.

This brings the attendance to a new peak for this time of the collegiate year, 1054 young men and women being at work on the campus. This is an increase of almost 200 over the same time 1932, and President J. A. Hill and his faculty are jubilant over the fine outlook for the entire year.

\$22,000 WILL BE SPENT FOR COUNTY WORK

Few More Men Will Be Given Employment Tomorrow

BOARD IS CHANGED

Orton and Strain Attend Meeting At Austin

Meeting with the commissioners court Tuesday morning was Mayor C. R. Burrow, and representative citizens from every section of the county for the purpose of discussing relief measures during the coming three months.

A new county board was confirmed by the Texas relief commission, composed of Clyde W. Warwick, J. H. Cox, Jr., R. E. Ball, W. H. Stroud and Alfred Bellah. This committee will take oath of office this week, succeeding the committee composed of Lee Foster, J. J. Walker, Oscar Smith, T. V. Slack and Clyde McElroy.

Judge S. B. Orton and H. S. Strain, county relief administrator, were in Austin last week where instructions were given by Lawrence Westbrook and other members of his department regarding the new set up.

Judge Orton explained that while 400 million in relief was granted, this amounts on a per capita basis of only \$3 for three months. This would amount to only \$22,000 for Randall county for the coming three months. Press reports indicate that Randall county may work only 121 men 30 hours per week.

Judge Orton asked that projects in various parts of the county be listed, so that they might be approved in Austin and be ready for work if there are funds sufficient to carry on these projects.

H. S. Strain stated that definite instructions were received Monday from Austin that Randall county could work 121 men starting Dec. 1st. There are now 84 men on the relief rolls, which means that only 34 more unemployed men may be given labor. He has enrolled 135 unemployed, and believes that there are fully 200 unemployed men in the county, and has so reported to Austin. He believes that the quota of 121 will be increased to at least 150 before many weeks. "Not all will get work who hope to get work, and who need jobs," stated Judge Orton. There is only so much money available, and it is being distributed on a per capita basis. Projects will be approved which call for little or no material, and largely hand labor.

Eight truckmen who are employed on the Palo Duro road east of Canyon came before the meeting to protest that they were making only about \$5 per day, while Amarillo truckmen are being paid \$1 per hour. They protested that Canyon foremen had been changed and Amarillo foremen had been put over the Canyon men.

W. E. LOCKHART SHOWING RAPID IMPROVEMENT

According to attending physicians W. E. Lockhart is showing rapid recovery from a slight though dangerous intracranial hemorrhage, which he suffered Sunday, November 19th. At first believed to have been a cerebellar tumor, and so closely stimulating that condition as to require careful differentiation, subsequent observation has convinced his physicians that his condition is less serious and that no operative intervention is indicated.

Mr. Lockhart is in St. Anthony's Hospital at Amarillo. Barring unforeseen complications, he will be able to return home soon and is expected to recover completely in the course of a few months.

DR. C. E. DONNELL IS HEAD OF MEDICAL GROUP

Doctors from Randall, Deaf Smith, Farmer, Castro and Oldham counties met at Hereford Thursday night where the Tierra Blanca Medical Society.

Dr. C. E. Donnell of Canyon was elected president of the new organization.

THANKSGIVING DAY

Proclamation

WHEREAS, our Pilgrim forefathers, who braved the hardships and toil of this new continent, stopped in their work and established a custom of offering Thanks to God, at the close of the harvest season, and

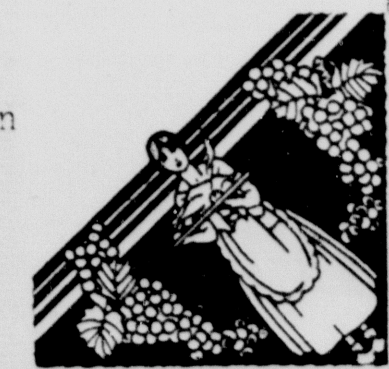

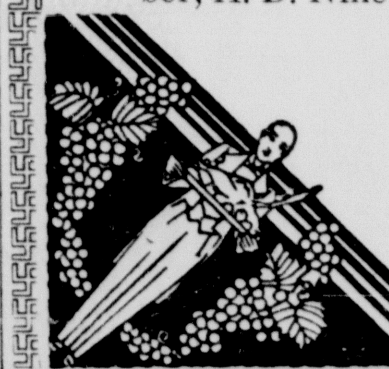

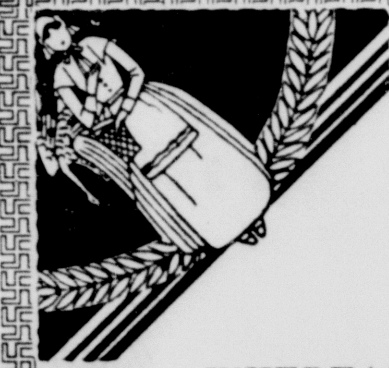

WHEREAS, the President of the United States has proclaimed that Thursday, November 30th is to be set aside as a day of Thanksgiving for this nation, and

WHEREAS, we as a people have much to be thankful for and should halt in our business life long enough to give due thanks to our Heavenly Father.

THEREFORE, be it ordered that all business houses of Canyon, who can, without violating their pledge to public service, remain closed on this day, and all citizens enjoying the many blessings of this nation offer thanks on this day.

Given under my hand and seal this, the 27th day of November, A. D. Nineteen hundred and thirtythree.

A NOTE OF CHEER

Perhaps Thanksgiving messages are not so plentiful this year as in times past, but there are still optimistic souls who are looking on the bright side of life.

J. J. Taylor, of the Dallas News, writes in his "Just for Today,"

Cheer up, farmers. There are 125,000,000 people in this country who have to be fed and clothed, the dieters and nudists being only an infinitesimal fraction of the whole number. Cheer up, teachers, there are 40,000,000 children and youths who have to be educated, the opponents of education numbering only an eye-fel. Cheer up, builders. There are 30,000,000 families in America who must be housed, those camping out being so few as to be a negligible quantity. Cheer up, railroads, bus men and automobile makers. There are 100,000,000 folks going somewhere every day, those staying at home amounting to only one-fifth of the total population. Cheer up, policemen. There are 5,000,000 crooks, scrofflaws and bandits in practice or in training, with enough honest men to keep your salaries paid. Cheer up, lawyers. There are 15,000,000 men and women in these States with the litigation complex, ready to start as soon as they can save up retainer fees. Cheer up, preachers. There are 30,000,000 unchurched Americans, and 1,000,000,000 regular heathens in distant lands. Cheer up, Democrats. There are 200,000 big and little Federal jobs, and more being created every day, and you don't have to pay for them. Cheer up, everybody! This Nation of unequaled resources and unmatched ingenuity will go on living, buying, using and dying. Cheer up, undertakers. You will be sent for. Cheer up, doctors. Nearly every self-diagnostician has a disease or fears one. You will be consulted. Cheer up, everybody, we repeat. Life must go on, and there are eternities to come before the last round-up. Cheer up, little doggie, cheer up!

The grand jury at Dalhart gave a lecture to the people of that county on law enforcement, and the duty of every citizen to assist the officers in the prosecution of crime. The citizens of every county needs this lecture. The fact is that while our "law abiding" citizens cry out for law enforcement, and severely condemn the officers for not being able to enforce the law, very few of them ever do a single thing to assist in enforcing the law. The average "law abiding" citizen will refuse to give the officers such information which they may have against crime; they will refuse to serve on juries which try the criminal cases; they will go on the bonds of most any sort of a criminal; their sympathy goes very largely to the criminal, and will give him every possible chance to escape during his trial; and will gladly sign a petition for a pardon should he be convicted. There are a few citizens who will not lend their sympathy to the criminal, but a vast majority will never assist the officers in their earnest efforts to enforce the law.

This has been a bad year for football. Everything seems to have gone wrong all over the nation. Upsets have developed, and with it a demand on the part of fans for a change of coaches. Practically every coach in the Southwestern conference is under fire, and most of them will lose their jobs. High school protests are being made, and many of them sustained, which are eliminating some of the good teams. Folks are in a bad mood, and want to get the scalp of some one—usually the individual who is not to blame for the situation. After all, a football game is nothing to fight over. Only one team in every game may win. Football is a fifty-fifty proposition, and no one season is an index either of the coach or the individual men who make up the team.

Saturday afternoon aboard a moving train in an M. K. & T. Railway club car, we were listening to the radio broadcast of the Army-Navy football game in Philadelphia. Two airplanes were noted flying overhead, the pilots no doubt were listening to the game broadcast. On the concrete pavement beside the railroad track hundreds of cars and trucks were in motion, many of them equipped with radio sets, and perhaps listening to the same program. What a wonderful

THE GREAT AMERICAN HOME

age, what a wonderful people who are able to develop all of the modern wonders. Do you think for a moment that a people with such inventive genius will be whipped by a depression? Hardly.

Those who used to believe that the people should support the government are becoming greatly alarmed over the increasing number of things which the government is doing for the people, and the increased number of governmental activities. What will the end be? Will the people return to their former habit of self-sustenance during the present generation? The answer depends entirely upon the person being questioned.

The silence of the Republicans will be broken about the first of January. A broadside against the policies of President Roosevelt will be launched and an open battle is promised from now on until the next election. The Republicans will find plenty to talk about since Roosevelt is doing things. He is not making the mistake of the past two administrations of adopting the do-nothing policy.

The squabble over the currency still goes on. Al Smith takes a stand against the President. His contention seems to be that the thing which was good in the past should continue to be good today. His logic is bad. The thing which was true yesterday has been disproven today in most departments of government, and every field of economics.

The middle-aged man is one who, forced to choose between a bridge game and boredom, goes to bed.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the label. It's a substitute. 25c at drug stores. © 1931 C. M. Co.

Wayside Items

Sunday School was held for first time Sunday in the school auditorium. Rather small attendance. Attractions, rather distractions from other sources, called quite a number away. Our new preacher, Rev. N. S. Daniels, had sickness in his family, but asked J. P. Swepston of Tulia, a lay leader, to fill the appointment. He gave us a most excellent discourse on "Christian Stewardship." He is no stranger here, has spoken for prohibition for long time. Any congregation who secures his services is fortunate.

Rev. N. S. Daniels, our new preacher, visited Wayside last Wednesday. As far as we know, he made a favorable impression with all whom he met. If not providentially hindered he will be with us the fourth Sunday in December.

Mr. Swepston refused all invitations to dinner, saying he was invited to a Golden Wedding anniversary in Tulia, Mr. and Mrs. Riley.

Some sickness in the community, but suppose all have recovered.

Mary Lee McGehee was taken to Amarillo hospital Wednesday night with tonsil trouble.

J. E. McGehee and wife visited with Mr. and Mrs. Ben Wilhelm Sunday. They live southwest of Hereford. They once lived in Wayside, all regretted when they left.

Mrs. Clara McGehee and infant son, Jack Arlen, were brought home from an Amarillo hospital Wednesday. A nurse, Miss Rogers, accompanied them. Both are doing well.

W. J. Sluder and wife visited with W. C. McGehee and wife Sunday.

Joe Smith made a trip to Plainview Sunday.

J. B. Smith visited Bill Mac McGehee last Sunday.

Rev. A. E. Butterfield, hereabouts last year, is at Childress with a daughter. Plans to go to Indian Quarterly Conference first of December. They have seven Comanche and Kiowa preachers in charge of seven charges in same territory that he served 40 years ago alone. Says he has been with them one month and half this year. He would like to bring some of his Indian preachers to Wayside and hold a meeting. Is there any objections? They take up free will offerings to defray expenses.

W. F. Ball of Tucumcari, N. M., W. J. Sluder and wife viewed Hamblen Drive last Wednesday. All three enjoyed the scenery very much.

C.C.C. CAMP NEWS

By Nugent L. Lowrey
Company 1828

True to the policies of the National Administration, the C. C. C. organization operates on economic principles, and the Veterans' contingent at Palo Duro Canyon is a splendid example of such measures. Even since the beginning back in July, several changes have been made at this camp toward cutting down operating expenses. For one instance, a certain percent of men have been allowed to remain in camp from project work to attend to special details and clerical duties. Beginning with the second period of service on October 1st, this quota was reduced about one third, so that more effort has been concentrated toward the Park work in Palo Duro Canyon. This is one reason why such a large volume of work has been accomplished, and why visitors on Sunday were amazed to see the progress that has been made in having an excellent, wide road established to the very floor of the canyon. This camp has been highly commended for the amount of work done in consideration of all C. C. C. camps throughout the United States. And it is encouraging to the citizenship of this community that such recognition has been extended, in that it is the dream of many persons that Palo Duro Park will, in due time, be a National Park.

Also, in further mention of economy at this locality, fewer trucks are now being used for transportation of supplies, and quite a few men have been assigned additional duties.

A new order to come out from Headquarters states that men serving in the C. C. C. activity are not eligible to work in the Civil Works Administration, in that the latter organization has for its purpose the supplying work for the men who are now unemployed. The regulation further states that members of the C. C. C. who apply for discharge for the purpose of seeking to connect with the CWA will have their application rejected.

Another order just coming out specifies that men who get a dishonorable discharge from C. C. C. service are not eligible to Civil Service positions.

In accordance with another general regulation, which specifies that men serving in the Regular Army will leave C. C. C. service and return to their own organization by December 15th, a few men will soon leave this camp. Among those to depart are Lt. Henry S. Murphey, who is ranking medical officer at the Veterans' Camp, and Sgt. Ogden L. Beckman, who is mess sergeant of Company 1828.

The Recreation Building is not yet completed, but it is hoped to have it ready in another ten days. As well as having a large entertainment stage with dressing rooms and a large seating capacity, it will also furnish the men of the camp a central reading and writing room, so badly needed at present. It will also serve as a central reception hall for visitors who call from time to time to inquire for some member of the camp; and Chaplain Ramage will have his office in the building, so that he may be of service and easily accessible to men of the camp and visitors as well.

Dave Derden's Concert Band of Amarillo supplied the music for Sunday's celebration. Members of the band made the trip into the canyon, and then rendered a most enjoyable program of music at the Camp Recreation Building.

Basketball Team To Begin Working

Schedule Will Be Made
Out On December
Ninth

Monday, December 4, will mark the beginning of the 1933-34 basketball season for the nationally famous Buffaloes of the West Texas State Teachers College.

No schedule has been worked out as yet, says Coach Baggett, but he plans to go to Dallas on December 9 and draw up the Buffs' schedule.

Several valuable men were lost from last year's team but the prospects are still good for one of W. T.'s most successful seasons. Joe Fortenberry, George Ray Colvin, Odis Burk and Edwin Comer will be greatly missed from this year's squad. Several good men will be on hand from last year's Freshman team.

Coach Baggett urges that everyone who is interested come out for the team.

Utica Jubilee Club Will Sing Here on Monday Nite

The Utica Jubilee Singers, negro male quintette, who will appear here on the evening of December 4 in the auditorium of the Administration building as the second lyceum number of the current music season, are internationally known. They are known in European countries as well as those of North America through radio broadcasts and concert tours of both continents.

Their two European tours were pronounced decided successes; they were enthusiastically received in twenty-one countries and went back for return engagements into ten countries and for two return trips to four others.

Make Broadcasts
During their radio programs in this country they have been heard through the blue network of stations and on independent broadcasts they have been heard thru all of the major NBC stations of the country. Added to this they have participated in two international broadcasts and while in Europe sang from twelve foreign studios.

Authorities of the music world say their voices blend as one, that they excel all known quartets for the closeness and beauty of their harmony. Quarter tones, slurrings, unusual harmonies—all are there. Their program to be given here will be made up, for the greater part, of negro spirituals and songs of their native people. The concert will begin at 8:15 p. m. in the Administration auditorium. Admission will be blanket tax for students, 45c for children and 50c for adults.

Palo Duro Peeps

Thanksgiving will be observed at all departments of our stores with thankfulness for the many good loyal customers that we are able to serve with high grade merchandise in—

Hardware, Implements, Home and Farm Supplies, Furniture, Funeral Directors and Ambulance Service

All at the very lowest prices obtainable. With over 35 years experience in buying, we are able to do so to the best advantage, giving service and price to our customers.

SERVICE IS OUR MOTTO

**Thompson Hardware

**In

Footsteps**

The trials and troubles of the Pilgrims have been ours, under different names, in modern garb. And now, with time to pause and take stock of our blessings, we find reason to observe a holiday once almost meaningless.

Just as that first Thanksgiving became yearly tradition, at least in spirit, let us resolve to make this Thanksgiving a point from which to move ahead, taking stock of our advantages and resolving to make each succeeding year a greater cause for "Thanksgiving."

The Peoples Store

Be Thankful

FOR YOUR OPPORTUNITIES

AND PREPARE YOURSELF TO TAKE ADVANTAGE OF THEM.

The Puritan Fathers were thankful for the opportunity to build—to expand. With building came commerce. With commerce came banking.

Banking is one of the corner stones of success, both for the individual and for the community.

Lay your foundation on a successful basis. Bank your money. There continues to be opportunities in increasing size for the man who can take advantage of them. Money is frequently necessary to take advantage of the opportunities offered you. Prepare for them.

**FIRST NATIONAL

**Let Us
Be
Thankful**

Although we have just completed a year of hardships so far as material wealth is concerned, there remain values which cannot be measured in dollars and cents for which it is fitting that we, as a people, be thankful.

There remain many of the real values of life; the love of friends and of family, the peace of our nation, the health of ourselves and loved ones and for the hope that material prosperity is again becoming a reality. And for these we pause in our work to give thanks.

WEST SIDE H. D. CLUB IN DEMONSTRATION

One year of successful Home Demonstration work by the West Side Club came to a close on last Wednesday with a program and pantry demonstration at the home of Mrs. P. H. Baber. Although Mrs. Baber was only a co-operator and not the pantry demonstrator, visitors from town and from the various clubs of the county were delighted with the quantity and variety of canned foods in her neat, well-filled pantry. The reception rooms of her home were made attractive with vases and baskets of autumn flowers. An interesting program by the club members was presented. Visitors expressed surprise at the accomplishments of the club as indicated by the reports, especially the social activities and the wonderful canning report by the pantry demonstrator, Mrs. W. L. Avert. This last report was read to some of the economics classes in the public schools as an index towards some of the goals they might strive for. The next day two classes from the High School and College Training School were brought out to inspect the pantry.

The club wishes to thank the members for loyal, conscientious work, the visitors, for their words of praise, and Mr. Thompson, for souvenirs for the occasion.

After the inspection of the pantry, refreshments of cherry pie with whipped cream and coffee were served to the following: Mr. and Mrs. C. G. Stallings, Mrs. E. N. Zachry, Mrs. J. Spencer Knight, Mrs. I. L. Bauer, Mrs. E. J. Bauer, Mr. and Mrs. T. C. Thompson, Mrs. W. E. Bennett, Mrs. Jas. E. Park, Mrs. A. H. Simon, Mrs. T. A. Ridgeway, Mrs. I. W. Huber, Mrs. L. M. Stewart, Mrs. Wm. Ash, Mrs. L. F. Sheffy, Miss Sadie Kate Bass, Mrs. Jno. Haines, Mrs. Ruth Costley, Mr. and Mrs. Harley Burrus, Mr. and Mrs. Irby Carruth, Mr. and Mrs. H. Rockwell, Mrs. L. D. LAKESIDE P. T. A. MET FRIDAY EVENING

The Lakeside P. T. A. held its regular monthly meeting last Friday evening with Mrs. Roy Campbell, president, presiding.

A short Thanksgiving program was given by the school children under the direction of Mrs. Ed Weeks.

Plans were made for a Christmas tree to be sponsored by the P. T. A. The Christmas tree will be on Friday night, Dec. 22. Everyone keep this date in mind and attend the Christmas program.

ANNOUNCEMENT PARTY FOR MINNIE McCARTY SATURDAY

It was to announce the approaching marriage of her sister, Miss Minnie McCarty to Mr. Kenneth E. Fink of Childress, Texas, that Mrs. W. A. Warren entertained at her home at 1814 Third Avenue Saturday morning.

The guests, arriving at eight forty-five, were placed at beautifully appointed tables covered with white linen and centered with low bowls of sweet peas and baby's breath. Pink satin ribbons led from the center bouquets to the individual white bride place cards carrying the announcement of the wedding which is to take place on November 30.

An appetizing two-course breakfast, consisting of grape fruit centered with pink mints, apple rings with cranberry jelly, fried quail, hot biscuits and coffee, was served. Bowls of pink mints were placed on each table.

Covers were laid for: Miss McCarty, Mrs. Annie V. McCarty, Miss Jewell Foster, Mrs. Carl Scott, Miss Mattie Jordan, Miss Elizabeth Cox, Mrs. J. J. Walker, Mrs. T. M. Moore, Mrs. C. A. Murray, Mrs. P. John Henry Dietz, who has been driving cattle, returned Sunday night.

Mr. and Mrs. W. R. Landrum spent Sunday with Mr. and Mrs. Louis Henders.

Louise Ann Dietz who has blood poison in her leg is still unable to attend school.

Visitors in the J. J. Leavitt home Sunday were Mr. and Mrs. Bill Sims and daughter. Mr. and Mrs. C. W. Fewell and daughter, Tom Hileman and Howard Robertson.

Mr. and Mrs. A. L. Glenn returned from Arney Sunday.

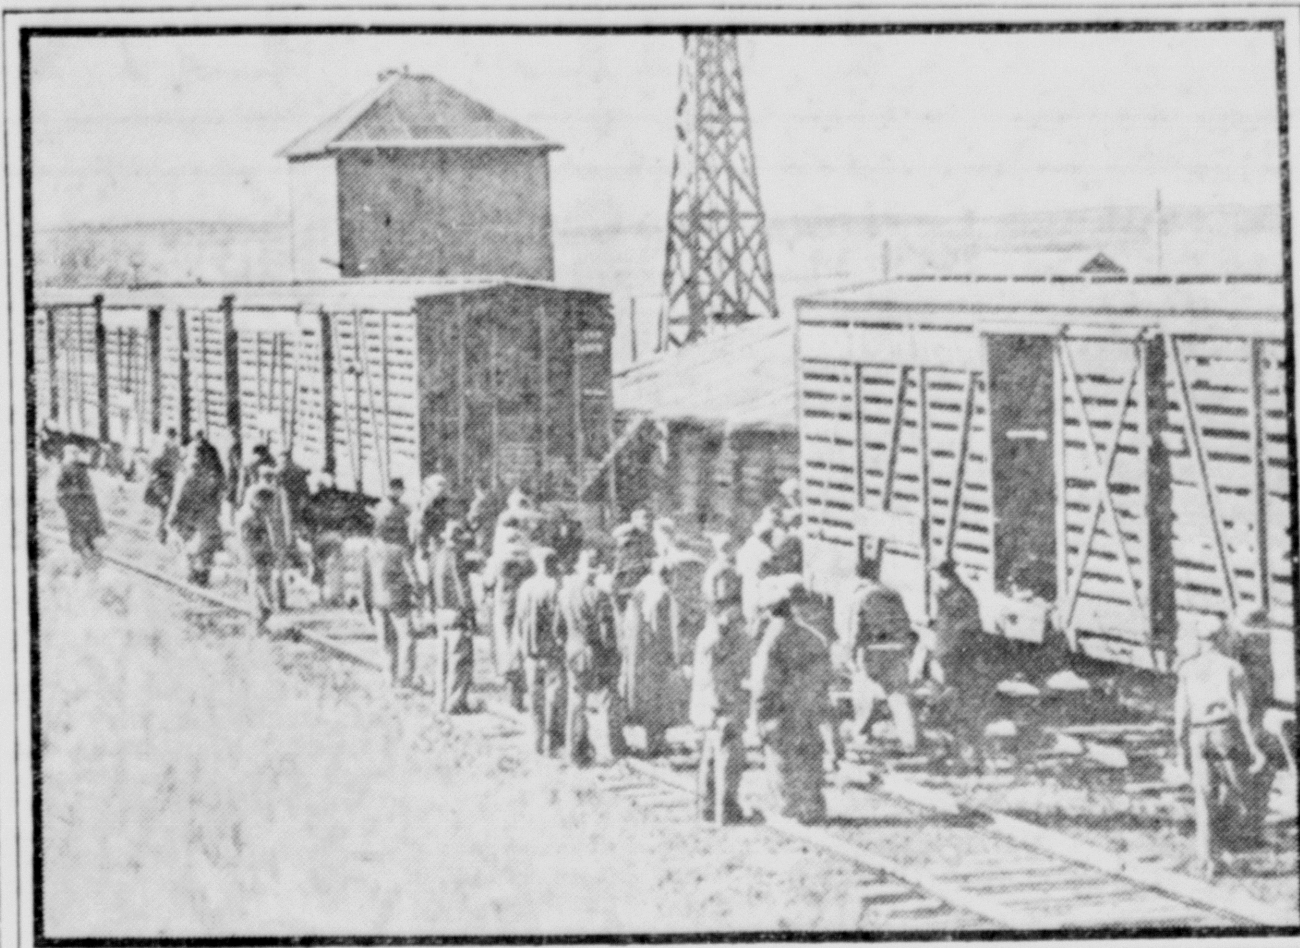

The following pupils have an average this month: Helen Joe Cox, first grade; Louise Ann Dietz, second grade; Louis Henders, second grade; Beulah Hammond, third grade. Those pupils receiving the highest grades in the different grades are: Jimmie Lee Landrum and Richard Dietz, tie; Sylvester Dietz, sixth grade; Wesley Burnham, seventh grade; Viola Dooley, eighth grade.

T. B. Cox had the misfortune of breaking his arm in two places while cranking his tractor one day last week.

CARD OF THANKS

W. E. Lockhart and family wish to express their gratitude for the medical fraternity for conscientious and efficient attention and for their many friends and their kind deeds during a time of need.

Farm Pickets Halt Train, Free Cattle

In one of the recent Iowa strike disturbances, farmers of the northwestern part of the state halted a train by placing railroad ties on the tracks, then released the trainload of 572 head of cattle, to prevent them from reaching the Sioux City, Ia., market. The farmers are shown above gathered about the train at Lawton, Ia., after the livestock had been released.

LOCAL NEWS

Mr. and Mrs. E. P. Eustace of McLean were visiting in the home of her sister, Mrs. Ben Pearson, Sunday.

Mrs. Harvey Cash spent from Friday to Wednesday of last week with her daughter Mrs. O. J. Laas in Plainview. Mr. Laas, who was run over by a car recently, was reported to be improving very nicely.

S. B. McClure and Miss Iona Pearl were in Panhandle on business Tuesday.

Miss Thelma Brummett had as her week-end guest, Mrs. George Heath of Dimmitt.

THE EAGLE'S TALE

VOLUME NO. 8

CANYON, TEXAS NOVEMBER 30, 1933.

NUMBER 12

Cactus Cal

Thanksgivin', boy I'm really livin'.

Whata you childrens got to be thankful fer? I know you got more'n I have, cuz I don't hev no larm'n and you kids does. Youall got a good school house, and good people that larns you things, and good friends, and good folks at home, and jest everything to be thankful fer, while as fer me I ain't got nothin' but troubles. But I'm thankful fer them cuz if I never hed no troubles I wouldn't hev nothin' to worry about, and if I didn't have nothin' to worry about I wouldn't have nothin' to do. So thet's whut I'm thankful fer.

I really et a bait fer dinner today. A big old turkey, some of it's dressin', some cranberries, some taters, punkin pie, whip cream, cake, and they ain't no tellin' whut all. Anyway I et enough to give me the good, old fashioned stum-mick ache. Speakin' uv eaten' reminds me uv the banquet thet Mr. and Mrs. Cox and some other people gave to them football boys. Why they et turkey after turkey and the dressin' and gravy, and them pie. I never seen so much grub at any place as there wuz about 7:00, but by about 9:00 I bet the food was gittin' kinda scarce. I don't mean they wuz about to run out. What I mean is that they could tell some one wuz shore devourin' his share. Uv course I wuzn't able to see how everyone ate, but I'd put old O. M. Solomon up against any boy or gal, man or woman, when it comes to eatin'. I'd be afraid to say that if I jest meant eaten' whip cream, cuz Mr. Carruth is sorta good on eaten' cream. If you kids jest git in a little trouble and you know Mr. Carruth is gonna getcha, why jest bring him some whip cream and I'm almost absolutely shore thet he would make the punishment light. Why he might even make it so light that you wouldn't hev to stay in more than three evenin's.

Jest, another word fore I close. Eat all you can today, fer tomorrow you'll eat hash and like it. Cactus Cal.

Basketball Boys Begin Practice

After a week's rest from the grid season, the Eagles have started basketball practice.

Some thirty boys reported for practice all last week, working hard to get in shape for the season ahead of them. Letter men reporting are "Scoop" Elliston, Curtis Elliston, "Scoop" Williams, and O. M. Solomon. These men are being helped by Willard Childers, Lawrence Fulton, T. V. Slack, Lester Clouch, Dan Gerald and others who are showing up rather well.

With this material the Canyon Eagles ought to have a better team than the team of last season, and be able to win at least one game. They will do better than that. Won't they?

C. H. S. Exes Marry

The wedding bells seem to have been ringing very loudly for C. H. S. ex-students recently. Among those former students of this school that have been recently married, are Lee Richardson, who married Sally Higgins of Wildorado; Colly Burrus married Ed Bourn of Canyon; Charlene Wiseman married Charlie Horn of Channing, and Beulah Hardman married Wayne McCormick of this city.

Loving Cup Given To High School By Northcutt

At Assembly Thursday, Nov. 23, E. O. Northcutt, prominent Amarillo lawyer, presented Canyon High School with a silver loving cup. On this trophy the names of the boy and girl who win the local oratorical contest for the next six years will be engraved.

Canyon is this year giving an invitation to the winners of the oratorical contest in Armstrong and Potter counties to a meet to be held in Canyon, which will include the towns of Claude and Amarillo, as well as Canyon.

The school is deeply grateful to Mr. Northcutt for his lovely gift and many students will strive hard to gain the honor of having their names placed on the cup.

Debate Teams Meet Frequently

The members of the Debate Club have been working in earnest recently, so that sufficient work will have been done upon the question to enable them to lay aside the subject during the basketball season.

Tuesday last, a second practice debate was given, the contestants being Dora Mae Plaster and Bobby Jo Cheyne on the affirmative side, and Irene Thompson and Mary May Harrison on the negative. After an exceedingly close and interesting discussion, the decision was given to the affirmative side by the judge, Mr. George Terry.

Plans were made at that meeting to hold two more debates on the following Monday and Tuesday evenings, Nov. 27-28, at the high school.

The debaters on Monday evening were Jackie Pitts and Ernest Duncan, affirmative, and Chris Wooten and Dan Gerald, negative. The affirmative side was also upheld on the latter date by Mary Ella Davis and Lorine Bessire against Hal Gamble and Avenit Lair.

Every member in the debate club has had an opportunity to debate and will begin work now on the side of the question upon which he has not yet worked.

Fox and Wirt To Organize Radio Club

Mr. Fox, of the science department, and Lorenzo Wirt are planning to organize a radio club.

Lorenzo states that the fee will be \$3.00 which will be used to buy radio parts. Mr. Barker of the manual training department will build a table on which will be placed an ammeter, a radio tube tester and oscilloscope.

Members of the club with no experience with radios will begin by building a simple crystal set. Several types of radios are to be constructed including a superheterodyne.

Lorenzo states that the club will do repair work for people in town to raise funds.

Mr. Fox states that it may be difficult to get a sufficient membership due to the high fee.

Cash Has Charge Of Meeting Of Tawamana Club

The Tawamana Club met Monday, November 27, in Miss Murrell's room with most of the members present.

Miss Rosa Cash had charge of the program, which, it is reported by the sponsor, was the best of the year. The first part of the program was on Trees, and several interesting readings were given on that subject by the leader. The program continued with a sort of round table discussion on "Character." This part of the program was led by Laura Ferne Brian and Claudia Fae Teal, who also discussed "What the Tawamana Club Means."

New Students Enroll in the Canyon Schools

There have been two enrollments in high school in the past three weeks.

Ruth Richardson is a freshman from Trinidad, Colorado.

Mary Lou Vandergriff is a junior and came from Tulia.

There have been ten enrollments in Grade School.

Lorna Cone and Bobbie Jo Cheyne spent the week-end in Amarillo.

Home Economics Girls Visit 4-H Pantries

The second and third year Home Economics classes visited the 4-H pantries at Mrs. M. H. Rockwell's and P. H. Baber's Wednesday morning from nine to eleven. Mr. Moore, school bus driver took the girls in the school bus.

Mrs. Rockwell had a very large pantry. She had canned 1,600 pints since the first of September, 1933. She had in her pantry at present: Fruits 545 pints, leafy vegetables 252 pints, other vegetables 166 pints, pickles 136 pints, proteins 176 pints, soups 65 pints, and starch vegetables 153 pints, making a total of 1,492 pints. She invited the girls to sample her pickles.

Mrs. Baber has 640 pints of meats, vegetables and fruits for a family of three.

Mrs. Baber had canned chicken, pears, peaches, strawberries, apples, leafy vegetables, starch vegetables and pickles.

Both pantries were very attractive.

Eagles Tale Staff Receives High School Paper

The press club, which is made up of all Eagles Tale reporters, editors and sponsor, receives about ten high school papers from various towns each week. The various schools also receive The Eagles Tale. The object in the exchange is to learn what the different schools are doing and to compare school papers.

The various papers, with the respective town and the editors are: The Tulia Hornet, Tulia, Miss Marie Zimmerman.

Zebra Footprints, Donley County, Miss Ruby Jones.

The Hesperette, Floydada, Miss Maxine Fry.

The Tom-Tom, Miami, R. B. Haynes.

El Sombrero, Perryton, Robert Hardgrave.

The Whiteface Roundup, Hereford, Miss Sallie Gilbreath.

Broncho Range, Clarendon, Miss Jo Ella Stewart.

The Buck's Tale, White Deer, Glen Chambers.

The Brayer, Happy, Miss Lynette Harter.

The Turkey's Tale, Turkey, Miss Fay Johnson.

Pow Wow, Quanah, grade school.

The Prairie, Canyon W. T., Miss Emil Brewer.

The Crane, Crane, Texas.

The Bulldogs' Growl, Borger, A. G. Haywood.

Faculty Facts

Although she was very busy in the library, Miss Jordan sat down and kindly answered as well as possible all questions of the interviewer. Miss Jordan, school librarian, teaches Latin II, eighth and ninth English, and is sponsor of the Latin Club, so it is no wonder she was almost too busy for an interview.

Miss Jordan was born in Rockwell, Texas, but while she was still very young, her parents moved to a ranch near Tulia. She started to school in Swisher county country schools, but received her high school education in Tulia. She received her B. A. degree in West Texas State Teachers College where she was a member of the Elaphetan society. She has taught in Claude and Vega, and is finishing her fifth year in Canyon High School.

She spent about thirteen years on a ranch. "Let me see if I can manufacture a story about the time the horse stepped from under me," she smiled, and although she appeared to be thinking hard, she told no more of this incident.

Are you planning to teach always? "Yes, teaching seems to be my allotment, but I am interested in the work of a librarian. For the past two summers she has been working on her B. S. degree, a Library Science course in Peabody College, Tennessee. She will finish this course this coming summer.

Miss Jordan is very interested in the radio, especially in programs of classical music by bands and orchestras. In summer, swimming is her hobby, and in the winter, when such exercise in Canyon is impossible, she enjoys reading current literature.

"Any embarrassing moments or jokes during your school life?" "Yes, but it would not do to tell them here," she replied.

Miss Jordan was very courteous, but, "I am sorry I can not tell you anything to keep this from being monotonous reading," she said.

Margaret Nicholas visited in Amarillo Friday night.

Football Boys Entertain With Banquet and Show

Mr. and Mrs. G. W. Cox and Mr. and Mrs. I. B. Carruth entertained 65 football boys and their girl friends with a banquet Friday night, Nov. 24. After the banquet night, Nov. 24. After the banquet boys and girls with a show at the Olympic theatre.

Mr. Cox, who was master of ceremonies, introduced George S. Terry, who gave the toast. Hampton Lisle, a football boy, gave the response.

Coach Cleveland Jones and assistant coach Milton Sanders expressed their appreciation to the boys for having such a successful football season.

Coach Jones, speaking to the senior boys said, "I hope that each boy that is finishing high school will go on to college and show as good a football record there as you did here in high school."

Lee Foster, an ardent supporter of the boys, told the boys that he thought the past season had been a huge success.

Francis Elliston, captain of the 1933 squad expressed the appreciation of the boys to the hosts and hostesses for the banquet.

J. H. Cox, Jr., who has been an official at all of the Eagles games except two, said, "The teams and the coaches of 1933 were the fairest and squarest I have ever known. I have not seen a dirty play all of this season."

Curtis Elliston, captain of the '34 squad, expressed his regret that the senior boys of '33 were leaving the team.

W. H. Stroud also expressed his appreciation for the clean games of the '33 season. He told the boys that the ex-students were behind them.

After the banquet, the guests went to the Olympic Theatre where Mr. Wooten entertained them with a picture show.

Record Shows Good Attendance From Many Families

If you should look in the enrollment records of Canyon High School you would find that there are a large number of brothers and sisters enrolled in high school.

The freshmen brothers are Emil and Glen Oleson and Benson and Lester Clouch. The freshmen brothers and sisters are Gwen and Wayne Byars and Mildred and Lawrence Shuman. Two groups of freshmen each has a brother or sister, who is a sophomore, Harold Byars, brother of Gwen and Wayne, and Mildred Clouch, sister of Benson and Lester. There are two freshmen girls, Carolyn Mayfield and Kate Donnell, who have sophomore brothers, George Mayfield and Overton Donnell.

Several freshmen have a junior brother or sister. These are freshman and junior respectively, Margaret and Lawrence Fulton, Margelle and Jack Oldham, Tinnie Dora and Ed Brooks, Mary Catherine and Lorenzo Wirt, Betty Ruth and O. M. Solomon, Evelyn and Lucille Cox, Avenit and Tommy Lair, and Wandall and Wade Johnson. There are more combinations of freshmen and seniors than any other combination in high school. These freshmen and senior students are respectively: Faye and Dora Mae Plaster, Billie and James Hill, Farris and Velma Crawford, Phillip and Geneva Whitman, Herschel and Kitty Burrus, Odell and Owen Miller, Jean and T. V. Slack, Beulah and Alton Brasuel, Mary Ellen and R. J. Hurst, Neva Lois and Roy Miller, and Woodrow and Wilson and Ellen Hicks.

There are two pairs of students that are both sophomores. These are Sewel and Wesley Cox, and Lecy Mae and Estill Purlow. Of the sophomore-junior combinations there are two, Leslie and Hampton Lisle, and David and Ray Phillips. Jack Neal Jennings and Anna Kathryn Overton, sophomores, each have a senior sister, Lena Wade Jennings and Athalee Overton.

The Cone family is the only one family that has two students in the junior class, Lorna and Bill Jewel and Arthur Lee Chambers. Ruby and Robbie Foster, Mary Jean and Lorine Mickle and Wilma and Marie Price make up a group of juniors and seniors.

Leona and Helen Hardman and Wilson and Ellen Hicks are all seniors.

Nola Margaret Blue, a former student of the grade school, visited Billie Bee Flesher over the week-end.

Winnie Dee Hicks and Jewel Chambers were in Amarillo Saturday.

I. L. P. C. Admits "Eagles Tale" For First Time

For the first time in the history of the Canyon High School paper, The Eagles Tale has been admitted to the International League Press Conference. The Conference is an organization of school papers.

An issue of each paper will be sent to Austin. There it will be judged by a professor in journalism in the University of Texas and a committee assisting him. They in turn will send criticism to the editor of the Eagles Tale.

In the spring, each article will be judged to find the best feature article, news article, and editorial written for the Eagles Tale during the year. These will be placed in the contest for the best feature, news article and editorial written in the state.

In the spring, after the winners have been chosen, there will be a meeting of editors of the various papers in Austin. At this time they will discuss various journalistic subjects.

Who Knows Noses Knows Noses

What an odd conglomeration of noses, all widths, all lengths, smooth, bumpy, Grecian, Roman, pug, and hooked can be found any autumn day, placed in various and sundry locations, but somewhere near the median of the sufferer's face, which worthies are inevitably dashing helter-skelter in the halls of dear old C. H. S.

There are nasal decorations, the black despair of the adorned, which combine all impassible features such as an expansive hump in the middle, a golf ball on the end, and an upsetting tilt, then there are also those diminutive, insignificant bumps of vermilion colored flesh, which have been generously expanded to cover an amazingly large part of some serious, pious face just as if Mother Nature in one of her blackest moods had taken her revenge in one powerful blow aimed toward the victim's unoffending nose.

Here's one classic nose, the envy of all normal humans whose straight, thin beauty would make Apollo jealous, but look at its square repulsive background; there is another whose rugged, heinous lines would create a panicky sensation such as the villain in some Gothic Romance would create, but woe! the dimpled cherubic face. Here's yet another morbid joke of Nature; it vaults decidedly pug lines and has been placed from this time forth and even for ever more or less than a ninety-five degree angle!

These amusing masterpieces from the Editor's long one to the Slime's pug, are just a few more fantastic freaks, and all the victims can do is morbidly mourn that "it might have been"—like Clark Gable's.

P.T.A. Is Divided Into Study Clubs

The Parent-Teachers Association met Thursday, Nov. 23 at 3 o'clock in the high school auditorium.

The assembly program for the high school was in charge of the P. T. A.

After assembly, the members were divided into three groups: which are known as study clubs. The groups consist of the parents of pre-school, grade school and high school children. Mrs. Bill Davis was elected chairman of the grade school study club, Mrs. Dan Sanders, the pre-school study club, and a chairman for the high school has not been decided.

Any person, who is a member of the P. T. A., can belong to as many of these clubs as he wishes.

By this method of study, the P. T. A. hopes to encourage more parents to become members of the Parent-Teachers Association in order to promote educational welfare among the children, teachers, and parents.

Negro Minstrel To Be Presented By P. T. A. Soon

The public will be interested to learn that although the exact date for the negro minstrel, sponsored by the faculty and school board, has not been definitely set, it will be presented some time during the second week of December.

Work on this minstrel has been steadily progressing, and worthwhile specialties, such as dances and musical numbers have been added to insure an enjoyable time.

The actors wish to inform you that they are going to attempt to give everybody his full money's worth when the show is given.

Members of Latin Club Have Party In Gymnasium

The Latin Club "Senatus Populus que Romanes," and its guests on Monday, Nov. 27, had an enjoyable party in the gymnasium of the high school building.

The program consisted of entertaining stories and readings by Hal Gamble and Myrtle Chitwood. Afterward the members and guests (each regular member having invited a guest) participated in a number of games.

Delightful refreshments consisting of hot punch, sandwiches, wafers, olives and pickles, were served shortly before the party ended.

So That You May Know

(This is the second of a series of articles written by the principals of the high school and grade school.)

Last week marked the close of our second six weeks' period and report cards were issued to the pupils of the grade school on Tuesday of this week.

Parents are urged to study these cards carefully with their children; compare grades for the two periods and ask for an explanation if any discrepancies are found. Do not form your opinion too quickly if the grades in some instances are not so good as they were in the first period. This does not necessarily mean the child has not worked as hard this time. He may have worked harder as it is sometimes easier to make a good grade the first period than it is later, due to the fact that teachers often give a lot of review work and use much easy material in the beginning of a new term in order to improve the child's background for the new work to be introduced.

In other instances it may be the child's first enthusiasm for the school year has waned and he is not studying as hard or perhaps he thinks he is not getting a square deal. Get the child's viewpoint and then have a conference with the teacher, for parents and teachers working together have a much better chance to understand the child.

The teachers are conscientiously trying to know their pupils and in many cases doing extra work in order that they may give the remedial treatment that will aid weak students in coming up to their grade standard. We solicit your co-operation in making this the best school year we have ever had.

Olton Debaters To Meet Canyon On December 7

The debaters of Canyon High School are eagerly looking forward to the debate with Olton Dec. 7.

Mr. R. E. Terry, Olton debate coach is bringing ten debate teams to Canyon to meet Mr. George S. Terry's ten debate teams, on the subject: "Resolved: That the United States should adopt a radio plan of regulation similar to that of Great Britain."

This is more than just matched debates, it has inevitably become a family affair. The two coaches are brothers and both are outstanding debaters.

Much work is being done in preparation for this debate.

New Girl Scouts Enjoy First Hike

Members of the new Thistle Troop of the Canyon Girl Scouts, sponsored by Miss Lois Goodrich and Miss Ocie McCrery enjoyed a hike to Hales Park last Wednesday. The party left the high school building at 4:15, and enjoyed a contest in nature study while enroute.

Upon arriving at the park, the troop received their first instructions in fire building and cooking. The evening meal consisted of angels on horseback, chili, eggs, popcorn, toasted marshmallows, and cocoa. After eating, the troop sang several songs, including two new ones. The camp fire was visited by Mrs. Burt Newlin and Dr. S. L. Ingham.

The new troop now has thirteen members only four of which are old scouts of last year.

Some people who speak their minds have little to say.

THANKSGIVING

Thanksgiving is a time when everyone should be thankful.

Perhaps many of us think that we have nothing to thank God for, but, did it ever occur to us that we have health, schools, and a great number of other things for which we should be very thankful? Of course, maybe we don't have money and fineries; nevertheless it's the little things that count.

Thanksgiving is recognized as a national holiday. It is not true that most of us look forward to Thanksgiving as a day of a big turkey dinner and not as a day on which we are to give thanks?

Wake up! Be thankful for everything, and don't go about with a long face, feeling as if you have nothing in this world.

Tulia Hornet Columnist Praises Eagles

The following was taken from "Bill's Eye View," column in the "Tulia Hornet." Tulia's official school newspaper.

"The Canyon High Eagles is the best team we've met this year, voiced a Hornet squad Friday.

"We've been defeated three times this season; we've been outplayed only once.

"Those boys are the kind who 'bust the daylight' out of you and pick you up, pat you back and say 'nice going buddy!'"

A similar feeling toward the good sportsmanship exhibited by the Eagles this year has been expressed by several other schools.

P.T.A. Had Charge Of Assembly

Last Thursday, Nov. 23, the P. T. A. had charge of assembly. Before the P. T. A. took charge, Mr. Carruth introduced Mr. Northcutt of Amarillo, who is conducting an oratorical contest between the schools of Amarillo, Claude, and Canyon. Mr. Northcutt presented Mr. Carruth with a large silver loving cup on which will be engraved the name of the winner for each year in the contest in C. H. S.

The first part of the program given by the P. T. A. was a pageant presented by the Grade School showing the different races of people in our nation and showing how people of all races are considered equal in this country. To close the program Dr. M. L. Sadoris discussed the topic, "The Value of Careful Medical Examination of School Children."

Home Ec. Club Donates Cups To Department

The Home Economics Club has been serving banquets for the purpose of making money to send their delegates to Austin. There have not been enough cups for this purpose, so the club has purchased fifty cups and donated them to the department.

BUFFALOES LOSE LAST GAME TO NORTHWESTERN TEACHERS

'Cow' Williams Plays Last Time For Maroon And White

(By R. L. Burnam)

The West Texas State Teachers College Buffaloes dropped their final football game of the season last Saturday to the powerful Northwestern Teachers eleven of Alva, Oklahoma, 7-6.

The Rangers' touchdown came late in the second quarter when Red Gibson, fleet Ranger fullback slipped off tackle and galloped 34 yards to score untouched. Wellman, Ranger quarter, place kicked for the extra point.

Buffaloes Score

The Buffaloes scored early in the fourth period after a 60 yard march down the field with Captain "Cow" Williams leading the attack. On a pass from Holston to Spence the ball was carried to the one yard line. On two line plunges by Holston and "Cow" the ball was on the one foot line. The Buff quarter called for "Cow" to make the third slice at the line and as a result we have Capt. Williams making his last touchdown in college football. The Buffs had carried the ball down to the Rangers' 13 yard line where they fumbled just as the game was over.

Play Last Game

Capt. "Cow" Williams, Buff fullback, playing his last game for the Maroon and White, turned out the best brand of football ever played on the Buff grid.

Al "Capone" Duncan, powerful little Buff halfback, who was also playing his last game for W. T. shared the offensive honors with Williams.

Bibson was easily the outstanding ball carrier for the visitors. His shiftness and power combined, slashed the Buff forward wall for many gains. Birchfield, Ranger guard and linebacker, proved to be a menace to the Buff offense.

Many Fumbles

The game was a see-saw affair because of the many fumbles on the part of both teams. The high wind that was blowing gave the leading advantage to whichever team was playing with it. Many long and short punts were a result of the high wind.

Seven To Graduate

This game marked the end of their college football career for

seven wearers of the Maroon and White. Captain Williams was joined by six of his mates in making their exits from collegiate football. George Manning, tackle; Kenneth Kendrick, Russell Stroud, and L. A. Slowe, ends; Al Duncan and Jack Spence, halfbacks, composed this sextet.

Starting line-up:

Buff		Rangers
Moore		Provost
Manning	LE	Davis
Lovelace	LT	Haldam
Poe	LG	Byrd
Teague	C	Birchfield
Walker	RG	Chealde
Kendrick	RT	King

O. Miller of the Palo Duro Park. The engineers will transfer to the Palo Duro Park.

D. E. Colp, chairman of the State Parks Board has asked for a CWA camp to be located at the Palisades to complete the work there. However, he had not received definite information on this Monday. Mr. Colp has asked for four CWA camps for the Palo Duro, but no details have been released from Washington as to these units.

5,075 people in 658 cars visited the Palo Duro Park Sunday, according to count made by Mr. Miller's department. Owing to announcement sent out from Amarillo that the program had been cancelled, it was felt that the crowd was nearly cut in two.

The road into the canyon will be opened on Sundays until further notice.

Chamber Commerce

(Continued from first page)
the end of the session of the Legislature in May. The cost of such a fight which resulted in maintaining the standard of the College was \$897.12. It was necessary to keep a representative for W. T. in Austin a large part of the time

the Legislature was in session. We were fortunate in obtaining Judge J. D. Hamblin of Farwell, who donated his services with this organization financing his expenses.

The opposition offered by Canyon alone, is credited by many to have had much weight in halting the attacks upon the higher State educational institutions. It was generally recognized that we led the fight and the other college cities followed with their support. We were the first to offer active opposition and to let our position become known.

Relief Administration

More than a year ago, the Chamber of Commerce in conjunction with county officials, accepted the responsibility of administering the relief funds set up by the Government. This work was assumed last November and conducted largely through the Chamber of Commerce until July of this year.

During this time the work necessary to handle the funds was donated by the Chamber of Commerce. The operations of the administration cost only 1 1-3%. A fund of approximately \$4,500 was handled with assistance administered to 140 families. Before the transfer of the relief work to a regular relief group, the work in connection with the handling of the relief funds had reached proportions of full-time duties. In connection with relief work, thru the Chamber of Commerce, 14 Randall County young men enrolled in the Civilian Conservation Corps. Money designated by them to be returned to their families has amounted to over \$2,000.

Palo Duro State Park

Growth from a visualized project into actual development was seen during the past year for the Palo Duro State Park. We inaugurated the move toward opening the Palo Duro Canyon to the public for recreational purposes two years ago. That movement has resulted in the creation of a 15,000 acre park now in the process of being improved, with both the State and National Government taking a part in the project.

Development during the past several months have required much work on the part of the Chamber of Commerce in the establishment of the four conservation camps and the beginning of work at the park. The Chamber of Commerce has been actively on the job since April when the possibilities for securing a deed to the State of Texas for the land as a park and obtaining CCC men to do the work was first known. The work is now well under way and with a road already opened into the canyon, the vision of a gigantic park development is nearer a reality. The organization is proud to have played an active part in its development.

10,000 Fish for County

Effort on the part of the Chamber of Commerce resulted in securing 10,000 stock fish for the Palo Duro and Tierra Blanca creeks. The organization secured the appli-

cations for fish from individuals and forwarded these to the State Game commission at Austin. The fish were delivered several weeks ago.

West Texas State Teachers College
The Chamber of Commerce has co-operated and assisted the College with a number of projects throughout the year. We financed a campaign of personal contacts by various faculty members making field trips seeking prospective students. We financed an advertising campaign for the College using newspapers in 26 counties of the Panhandle announcing the new split-semester plan inaugurated by the College administration this year.

Financial assistance was rendered the annual District Interscholastic League meet held at the College. Assistance was also given the County Interscholastic League meet. We also gave our co-operation to the W. T. Ex-Students on several projects.

Publicity

In the matter of publicity for the county and Canyon, more than 500 news and feature articles covering every phase of business and agricultural activity, were issued by the Chamber of Commerce. When the CCC camps were established at the Palo Duro Park, we contacted several former newspaper men and writers who were enrolled in the camps. They quickly grasped the opportunity to exploit the project through various news and publicity channels. The Chamber of Commerce furnished the necessary supplies in order to secure the publicity. The most attractive display of picture publicity ever secured for the Palo Duro Park project appeared as a full-page lay-out in the rotogravure section of the Houston Chronicle, August 20. Thousands of letter-heads advertising the fact that the Palo Duro Park is located at Canyon have been distributed free to the CCC men.

We were called upon to furnish a number of publications with valuable news and publicity. An example being the Texas Almanac. Official designation of the Palo Duro Park and a direct road from Canyon to it, was secured on a number of road and highway maps.

Kill Fake Schemes

Fake advertising and graft schemes designed to have taken \$250 from Canyon merchants were successfully halted by the Chamber of Commerce. The amount thus saved to the merchants of Canyon would have operated the Chamber of Commerce over a month.

Christmas Celebration

A Christmas celebration, handicapped by weather conditions, was sponsored by the Chamber of Commerce. Several thousand people were in Canyon for the appearance of Santa Claus sponsored by the Chamber of Commerce. Decorative lights for the business district were also sponsored.

the Chamber of Commerce were situated at the place most convenient for the secretary. In July of that year office space was secured in the office of the County Agent, giving the organization only desk space. In March of this year a vacant room on the first floor of the court house was converted into a permanent office for the Chamber of Commerce. Materials were purchased by the organization and the labor secured through the RFC relief forces at the time the general repairing of the court house was underway.

Miscellaneous

Under the heading of miscellaneous activities, a few of the minor accomplishments are mentioned. The Chamber of Commerce has served as a clearing house on information concerning the work of NRA; a Merchant's Sales institute was sponsored in April; sponsored visits to rural community meetings number 7; assistance and co-operation was given the State Highway Department at various times in the completion of the Randall County paving program started several years ago; also assistance was rendered on the Palo Duro Park road; sponsored Canyon Day at Tri-State Fair. In the field of agricultural activities we backed for the 5th year, the improved seed program for the county—rendered some assistance to the crop loan work in the spring and the wheat allotment work now nearing completion.

Direct inquiries received by mail numbered 255. These covered a wide range of subjects. Every inquiry has been given careful consideration and an attempt made in every instance to give a correct and direct answer to the requests made. Over 1,600 pieces of mail have been sent from this office during the past year.

Our Pledge For Thanksgiving

As we recount our blessings on this day of Thanksgiving, we are reminded that the deepest satisfaction is always to be found in Giving, rather than in Receiving.

We are thankful for the privilege of GIVING SERVICE—thankful for the privilege of providing an abundance of warmth for the homes of Canyon; thankful for the privilege of providing convenient, ready heat to replace the troublesome fire-building of former days; thankful for the privilege of giving the housewives of Canyon clean heat with no ashes to carry out and no pots to scour.

And we are thankful for the public confidence which has rewarded our efforts to serve.

So on this Thanksgiving Day we renew our pledge of service and of improving that service in every way possible.
